Conflict:

0 of 0 review helpful Five Stars By Williams J Suarez M Ok Each year many thousands of child civilians are killed injured or otherwise physically and psychologically harmed as a result of armed conflicts There is a considerable body of international law which aims to minimise the harm inflicted on these children and yet it is little known or observed This book is the first major international legal text to focus exclusively on child civilians It addresses three main questions 1 what are the precise rules incorporated This book is written in an academic style yet it presents relevant law in an easy comprehensive and systematic fashion Hence it is easy for a layperson to understand as well Therefore in terms of practical assistance to NGOs and other organizations wor
