By Mary E Norton MD : Callen's Ultrasonography in Obstetrics and Gynecology, 6e for medical students first aid nms brs rapid review elseviers integrated lippincotts illustrated master medicine Callen's Ultrasonography in Obstetrics and Gynecology, 6e:

9 of 10 review helpful Tables unreadable in kindle edition By Ron Content is EXCELLENT but the kindle adaptation is poorly executed Wish i could rate the content and formatting separately Many of the tables are poorly formatted some of which are completely unreadable Reading this on a surface pro 3 Once I realized this I contacted in an order to exchange the kindle edition for the physical book but i Get outstanding guidance from the world s most trusted

reference on OB GYN ultrasound Now brought to you by lead editor Dr Mary Norton Callen rsquo s Ultrasonography in Obstetrics and Gynecology has been completely and exhaustively updated by a team of obstetric gynecologic and radiology experts to reflect the most recent advances in the field It addresses the shift in today s practice to a collaborative effort am This continues to be the gold standard because of its detailed explanations of images and the rationales for the modality The online features augment the learning experience This will remain a core book in our training curriculum Anthony Shanks
