0 of 0 review helpful This book is both informative and entertaining I am By Nathan Eric Esplin This book is both informative and entertaining I am an MS4 hoping to match into NSGY and I have found it to be at the right level and

presented in a way that certainly helps it be more memorable 0 of 0 review helpful Great book to read cover to cover By Nicolas Yanez F Now in its 4th Edition this bestselling volume in the popular Requisites series by Drs Rohini Nadgir and David M Yousem thoroughly covers the extensive field of neuroradiology in an efficient and practical manner Ideal for both clinical practice and ABR exam study it presents everything you need to know about diagnostic imaging of the most commonly encountered neurological conditions The authors address the conceptual technical and interpretive core k I consider it to be the wisest purchase of a textbook in the entire field of diagnostic neuroradiology This is the text recommended over all others no matter one rsquo s degree of experience or training This book is unique in its approach complete in
