From Brand: S Karger Pub : Tropical Surgery: Vademecum (Landes Bioscience Medical Handbook (Vademecum))

Tropical Surgery: Vademecum (Landes Bioscience Medical Handbook (Vademecum)):

In the tropic and subtropic areas of the world infectious and parasitic diseases are a major cause of death With the increasing migration due to famine and war or even through tourism such diseases are spread and occur also in countries where doctors are less familiar with tropical diseases In a concise but comprehensive format this handbook covers the clinical features diagnosis and surgical treatment of the main tropical diseases including Chagas disease schisto
