By Zheng Xie, Trudy Lei : Evaluation of the Fast Elimination of Malaria by Source Eradication in the Union of Comoros (SpringerBriefs in Public Health) Evaluation of the Fast Elimination of Malaria by Source Eradication in the Union of Comoros (SpringerBriefs in Public Health):

This evaluation report comprehensively elucidates the impact and outcomes of the first ever “Fast Elimination of Malaria by Source Eradication FEMSE project” a Chinese health development aid project in Comoros. It also offers conclusions and recommendations for implementing similar strategies in the future. The FEMSE project was launched in 2007 by the faculty of the Guangzhou University of Chinese Medicine and over the past over seven years. From the Back Cover This evaluation report comprehensively elucidates the impact and outcomes of the first ever “Fast Elimination of Malaria by Source Eradication FEMSE project” a Chinese health development aid project in Comoros. It also offers
